THE NEGRO ELECTION RIOTS IN WASHINGTON.

The negro suffrage experiment is beginning to bring forth its natural fruits, in scenes of riot and bloodshed. That disturbances similar to those in Washington have not yet taken place throughout the Southern States, is doubtless owing to the fact that all the elections yet held in those States under the negro suffrage *regime* have been under the overawing and repressive superintendence of the Federal army. In the seven States which ratified negro constitutions, the officers were chosen at the same time that the Constitutions were voted on, and while the States were still under martial law. Had Washington been under martial law on Monday, with an armed Federal force present to preserve order and repress out-breaks, the election riots would not have occurred. The natural working of the negro-suffrage experiment can be judged of only by its operation in places where the terror of military authority does not hold the negroes in check. The District of Columbia is, as yet, the only place to which this discription will apply. As like causes, in like circumstances, produce like effects, we may expect similar disorders throughout the Southern States as soon as elections are free.

There is no pretence, in any quarter, that the Washington election riots were provoked by aggressions or insults offered to the negroes by white men. There was no attempt by white men to prevent any negro from voting, or to interfere, in any way, with the freest exercise of the rights conferred on the negroes by law. The riots were begun by the negroes; they were the fruits of the domineering insolence of black Radicals, who attempted to murder other negroes. Until the disturbances became dangerous and alarming, white men did not appear on the scene; and then not to participate in the riot, but to subdue it by the lawful exercise of authority as members of the police. White men may have *instigated* these riots; but if so, they did it as friends and fellow partizans of the negroes, setting them on in the interest of the Republican party. The object of the riot was to frighten and coerce the whole negro population of the city into voting the Radical ticket.

The system of terrorism and coercion which has been begun in Washington will probably be extended through the Southern cities. The suffrage was conferred on the negroes from sheer partisan motives; the object was not to protect them, but to benefit the Republican party. It was foreseen that without universal negro suffrage every Southern State would be almost unanimously Democratic, and that as soon as the two political parties should become tolerably equal in the North, the power of the Republican party would be extinguished forever. It was assumed by the Republicans that they would always be able to control the negro vote and wield it as a solid mass. If this expectation should be disappointed; if the negro vote should be divided and a considerable portion of it be given to the Democrats, the Republicans would lose all the expected fruits of their conspiracy against the rights of the States. To prevent their conspiracy from recoiling against its authors, unscrupulous politicians, like Forney, have set the negroes on to regard every negro who does not vote the Republican ticket as a traitor to his race, whom they may hang or shoot with as little compunction as they would a mad dog. The Washington negroes have been educated by their white Radical patrons to tolerate no negro voting except on their side; and the blood-thirsty vengeance with which they sought, on Monday, to take the life of colored men who intended to vote the other ticket, shows what kind of influences have been at work in moulding their feelings. The future ascendancy of the Republican party is staked on its ability to keep the negro phalanx unbroken; and when they can no longer control it by the Freedmen's Bureau and the army, their last desperate resource consists in inspiring the boldest and most unscrupulous of the negroes with a feeling of bloody intolerance, which will make it unsafe for any negro to act with the Democratic party.

In Washington, which is the focus of Republican intrigues, where a Republican Congress and a Republican administration are so overshadowing and powerful, they have succeeded in imbuing a majority of the negroes with a spirit of brutal domineering and murderous intolerance which thirsts for the blood of every black man who refuses to vote in accordance with Republican dictation. But in the greater part of the South, the negroes will be less exposed to Republican influence than they are in Washington. If, even in Washington, they can be kept in the Republican traces only by threats of violence and attempts on their on their lives, it is probable that large numbers of negroes in Democratic neighborhoods will incline to act with the Democratic party. In the cities and large towns, where the Republicans can get access to them, the negroes will be inspired with the same diabolical feelings which broke out in bloody riots at the Federal capital; but throughout the rural portions of the South, black men will be able to vote as they please without exposing themselves to instant death at the hands of infuriated Radical negroes; and large numbers of them will be found acting with the Democratic party. After the Republicans have enslaved universal suffrage on the negroes for a partisan object, Democrats will vindicate their right to use the elective franchise in the spirit of freemen, in defiance of the dictation of negro mobs instigated and set on by reckless Radical politicians.

THE DEGRADATION OF WHITE MECHANICS.

The hardest-blow White Labor has yet received, has been the compulsory introduction into the Washington Navy Yard of Negro carpenters to work with the White carpenters there. The Whites have to submit or lose their places.

Degradation, we say,—because, this common workshop business, unlike voting, reaches the house, the home, the family, society, companionship,—everything, in fact,—and brings the White workingman right down to the Negro level. It *equalizes*, as far as possible, despite the edicts of the Almighty, who created different races of men, the white man and the negro—and makes of the white man, the negro in everything but color and brain; and it prepares the way, in common tenement houses, for amalgamation, and the consequent degradation of marriage and inter-marriage, as in Spanish America, Jamaica, Hayti, and elsewhere, and it makes another country of ours—not the country now of the white European man, but of the African black man, too.

There was no need of this last blow against the white laborer, to *equalize*, politically, the negro with the white man,—for the Public Lands are open to the negro, as well as to the white man, and the negro can have a free homestead, as well as the white man. The Public Lands are his, as well as ours. Besides there are certain working businesses left almost exclusively to the negro,—in which the white man hardly interferes with him,—while here, now, the Government steps in, and forces the negro among the carpenters, the masons, the printers, &c., of the land.

If the Chinese and Japanese are to be *equalized* with the Europeans, as is now the word, our Western States will soon become re *Indianized*, as it were,—that is filled with a class of copper colored men not very unlike our Indians, and these copper-colored men will soon be so numerous, as to overwhelm the whites in the workshops, and the ballot boxes,—for they can work for less, live on less, than the white men, and then vote just as they are told by some Mandarin, that owns them.

It is lamentable,—it is awful,—to see a people thus frittering its rights and privileges away,—and the whole must end in IMPERIALISM,—because soon everybody will be saying better is one clever white Monarch like Louis Napoleon, or Victoria, than Chang Eng, Ho Kaeg, Swan Tong, or, Cæsars, or Scipios, or Sambos, all wool, all a yard, all tip, all beard, with little or no brain. *N. Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all these incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Red Sulphur and Chalybeate or Iron, which they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. Carran, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppages or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

ROBERT SOUTTER,

OF GRANVILLE COUNTY,

realizing the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of supplying themselves at an early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers, for what they may require to plant next Fall, of the very "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oakland Farm" near Turnerville, in this County.

This Wheat was planted last Fall, with Guano, of seed selected in Baltimore with great care by my predecessor, Mr. Chas. H. R. Taylor, who paid $2,25 for it there. It has had the advantage of a heavy top-dressing in spring of Chicago bone Fertilizer, and is now very promising.

Like the good sorghum feed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, JUNE 12, 1869.

BOTH IN CONTEMPT.

On Tuesday last when the Supreme Court met, they proceeded to put the bar in contempt, for having, last summer, signed a paper remonstrating and protesting against judicial interference in political matters.

The next step, the Court fell into the pit they had dug for the bar. For several days a fifth of the Court has been demoralized, in fact, "she did not know herself." Three-fifths of the Court, the young and foolish part, went on a special train to the Commencement at the University of North Carolina, where the old Quartermaster, Rodman, ex-military Judge of the Confederacy, was to address John Pool's two little nephews and six village children, styling them the two Literary Societies of the University.

It was published in the *Standard* that Judge Rodman would deliver the address before the two Literary Societies. This was both falsehood and fraud, intended to deceive the public as to the true condition of things at the University. At the last meeting of the Dialectic Society a Committee was appointed, composed of regular and honorary members, who were to take charge of the papers, property, &c., &c., belonging to the Society, and authorising this Committee to meet when they deemed it proper and re-organize the Society. This Committee have never met. Brewer, Pool, and the little children, have no right to invite the old Quartermaster in the name of the Dialectic Society.

The departure of three fifths of the Court for Chapel Hill, not only scattered, but demoralized the Court. One-fifth of the Court tangled so much "spirits" with his Judicial water as to shake the Court from "turret to foundation stone."

On yesterday, John Barleycorn and one-fifth of the Court walked the street hand in hand.

This Court has five-fifths, and we have only accounted for four fifths. The missing fifth we did not hear of. We suppose it was sober, and had retired to meditate upon and brood over its disappointed defeat for the Confederate Congress, by Hon. Thos. Ashe. It may be, it was thinking of the indecency of its behavior in setting itself up as a Judge of the election and qualification of the members of the Legislature, in requiring certain members to "stand a side," instead of swearing in all as he was judicially bound to do.

One-fifth of the Court on the street harmonized with the ex-communicated members of the Bar. We think the Court should not refuse to harmonize with them in the Court room, in the trial of their causes.

It is bad manners, to say the least of it, to refuse first to hear the Bar in Court, and then on the street to fraternize and harmonize with them; it is rather after the manner of Dr. Grissom, who invited the Penitentiary Committee to dine with him and then refused to sit at the table with his own invited guests, because, as Chesterfield would say, it was a "mixed" company, one being a negro.

Chief Justice Pearson introduced Hon. B. S. Gaither to Billy Henderson as the man charged with stealing Dart's mule and Ben Kittrell's law books. This is some evidence that the Court did not "know herself," but, in justice to Billy, we must say, the Judge expatiated upon the length to which party prejudice would go by making such false charges against a gentleman. In further justice to Billy, we will add that the *Standard* says he was triumphantly acquitted of mule stealing, by a jury of his country.—We never heard from the *Standard* about Kittrell's books. If Billy should be called by the Grand Jury to answer for the books we will say as the Clerk says to the criminal, "God grant you a safe deliverance," as you had in the mule case. In further justice to Billy as well as to Governor Holden, we should say, that the *Sentinel* has stated that some ten of twelve good men, in open Court, once swore they would not believe him on oath. Billy called at the *Sentinel* office to say that the *Sentinel* had misrepresented him, and that no ten or twelve men had so sworn. We did not see Billy on that visit, Major Gales did, and he was fully satisfied. We make the correction, there was not ten or twelve who impeached Billy's character, but only six good men who would not believe him on oath. Gov. Holden never moves except upon reason; these charges against Billy may account for the Governor's love and admiration of him, and his appointing him Director of the North Carolina Railroad. The introduction of Billy to Col. Gaither, by the Chief Justice, has called us so far from the Court, that we shall not be able to come up to the Court again until sometime next week; when we hope that the Bench and the Bar, loving one another and forgiving one another, may proceed to the business of the Court and the trial of causes, in peace and harmony together.

EXODUS OF SCHOOL MARMS.—On the steamship Wm. P. Clyde yesterday afternoon, six Yankee school marms, who have been teaching the young colored idea how to shoot in "these parts" for some months past, took passage for New York on their way to "Boating." They were accompanied by a body guard of four colored gamals, which may it be their good fortune to retain ever near them. Among the crowd who bade them adieu we were unable to distinguish any but colored gallants.—*Wil. Jour. June 11th.*

"Governor" Holden will visit Asheville sometime in July.

COMMENCEMENT AT CHAPEL HILL.

This burlesque upon literary festivities, came off on Thursday last. It seems from the President's report, there is not a single member of the Freshman class, even.—President Pool reported that the session ending June 10th, began March 8th, 1869. During this period there has been in attendance the following students: Walter Guthrie, John Overman, Walter F. Pool, *ranking as Sophomores*, and G. W. Purefoy, Chas. Sugg, John Tilny and Samuel M. Worth, *ranking as Freshmen*. From the report they are neither Sophomores or Freshmen, they *rank* as such; they are so by *brevet*.

A raid was made upon the Di. and Phi. Halls for furniture. Professor Patrick burst open, or caused it to be done, the door of the Phi. Hall, and helped himself to the splendid velvet rug belonging to the Society, at least we are so informed. If there is any mistake about it, we shall be glad to correct it; if there is no mistake, then Menzinger should be sent to give him ipecac till he throw up the velvet rug. The furniture was also taken from the Di. Hall to furnish the houses of the Faculty. This comes from Cabe Harris' bad example of taking possession of the Governor's palace.

The best account of all, is what is said of Judge Dick; looking at President Pool, then at Professor Brewer, who taught the little negro school in this city, and then at his *Alma Mater*, in her sack cloth and ashes; in her solitude and abnegation, he could not suppress his emotion, but gave vent to his feelings in a flood of tears. Well done for Bob, there is more hope of him than of Holden. We did not go, we are glad of it. We hear that Professor Patrick said, publicly, it we dared to come he would whip us. We tell that pious functionary of the University and the Church, he had better say his prayers and leave that job for the Governor's officials in the Capitol, Joe, Cabe, Farris, Bozier, and Dave's fat son. We were opposed to substitutes in the late war and it will be a departure from our principles now to employ a substitute, if, however, Professor Patrick is spoiling for a fight, we will send Tom Green, a Conservative negro of Hillsboro', as our substitute, who will meet him "next Saturday was a week," in the hollow at the spring, where the boy President, Andrew Johnson, rested and refreshed himself when making his escape from his master, Mr. Selby, to whom he was bound. If that locality does not suit, Tom shall meet him at Wait's old mill, half a mile from the Chapel, be the same more or less. No wonder Bob Dick cried; for shame itself is ashamed to sit on such shameless brows.

From the Courier-Journal.

GRANT AS A LITERATEUR.

I present this saddle, not for any intrinsic value it possesses, but as a mark of friendship and esteem, after continued service with you through the great rebellion, commencing at Cairo, Illinois, in 1861, to the present day, and, I hope, *not yet ended*.—Yours, truly,

U. S. GRANT,
Lieutenant General.

This is a *copy* of a note addressed by Gen. Grant, before his election, to Mr. Markland, of the Post office Department. We have no idea of criticising the General's language, although he was educated at the expense of the country at West Point. But we must say that his note is one of the most laughable specimens of writing that we remember ever to have seen. He could not have written it if there hadn't been a thicker fog upon his brain than ever hung over swamp or fen. What he *meant* to say every reader can guess for himself.—What he *does* say is "the great rebellion commenced at Cairo, Illinois," and that he "hopes it is *not yet ended*." If any of his friends, jealous for his literary reputation, are disposed to swear that he means in good faith exactly this thing, we shall not quarrel with them on that account.

COMMENCEMENT AT CHAPEL HILL.

N. C. R. R., Friday 11th.

MR. TURNER:—*Dear Sir:* The "Commencement" has taken place and I congratulate you, and every other Alumnus of the University, and North Carolina in general, upon the fact that there has been no "Installation" of the make-shift Faculty who are hanging on with such desperate grip to our dear old Alma Mater's petticoats. No "*Installation !*" Good. The Governor of the State, and the Trustees assembled, assisted at no such farce as that would have been, and I, an old student and visitor at the Hill,—albeit no trustee,—stood round promiscuously, and on the whole, may say that I enjoyed the occasion on several accounts; though I confess to some tears unbidden and unrepressed as I walked round the University grounds, paid a visit to my old room in College, and recalled the face of my venerated instructors and class mates, and the dreams of my youth. Yes, sir, on the whole I enjoyed it.

The attendance of distinguished strangers, ladies and all, numbered just seventeen. The Trustees were ten in number, as follows: Superintendent Ashley, Governor Holden, Judge Buxton, Mr. Lassiter, Judge Rodman, Judge Dick, Judge Settle, Mr. Bynum, Judge Thomas, Judge Watts. Besides these were Prof. Kerr, State Geologist, Col. Wm. A. Moore, of Chowan, and one or two others, like myself, "looxers on in Vunna"

The Company arrived on Thursday morning, 10th instant, from Durham's, an extra train having been placed at their service from Raleigh. Commencement exercises, however, opened on Wednesday, the 9th, by an exhibition of declamation in the College Chapel.

Revd. Mr. Ashley, of Massachusetts, introduced by his brother-in-law, Revd. Mr. Marsling, of Mississippi. (Query, who introduced Mr. Marsling?) Exercises opened with prayer. Mr. Marsling then rose and with much suavity of manner announced that Lord Cleatham's speech on withdrawal of troops from Boston would now be heard, and Mr. Chas. M. Sugg, of Chapel Hill, would speak it. Next Mr. Walter H. Guthrie, of Chapel Hill, gave us the "Irish Aliens." Mr. — Overman (Mr. Pool's nephew) "Rienzi to the Romans," and Mr. Walter F. Pool (the other nephew) "Pitt's Speech." Of these declaiming, I shall say nothing, as I was not present. The audience numbered 28, children and all, by actual count.

Thursday at 12 M. were assembled in the Chapel room seventy-five whites, (children and all) and perhaps, as many negroes in the galleries. Exercises opened with a prayer by Rev. Fisk P. Brewer, of Conn., late Professor in the negro school at Raleigh, now, by the grace of revolution, Professor of Greek at Chapel Hill, successor to our hearty old Professor, M. Fetter. A prayer in which he prayed ardently for more students to come to Chapel Hill.—Selah. Next followed a speech by the Rev. Mr. Ashley, which was mainly an earnest appeal to the people to come up to the support of their "beloved University," at all hazards. Then came Gov. Holden, who announced that the University should be maintained, that the people must be taxed for its support. He is reported to have said in the "social circle," that if those people who can afford to send their sons here won't do it, they shall be taxed for the support of those here who *cannot* afford it.—However I am willing to believe that the Governor said no such thing. He did say some good things and made some good points. He paid the old Faculty high and well merited compliments. In one thing, however, he was mistaken. He was arguing against the prejudice manifested against foreigners as teachers, and stated that Dr. Caldwell, Dr. Mitchell and Dr. Phillips, were all foreigners and had to live down a great deal of prejudice, *as the present Faculty would also do.* A white haired man sitting by me whispered "I have lived in Chapel Hill forty-one years and this is the first time I ever heard of any prejudice against those old men."

Gov. Holden must know that to be "*from the North*" was always, in the old time and down to the war, a sufficient passport to Southern favor for everything, from teachers down to bonnets. If Gov. Holden sees no difference between the coming and the attitude, of such men as he named, and the swarm of carpet-baggers, who now infest the South, and force themselves upon a doubtful people, if he will acknowledge no difference, he must at least know that the vast majority of his (white) fellow citizens do.

We were next entertained by a long and very solemn, and exceedingly dull, and nearly inaudible oration by Mr. President Pool, the whole gist of which was an heart felt appeal to the Trustees to support "me and my Faculty," in their several chairs.—Mr. Pool's voice is feeble and his enunciation indistinct and weak, so that even if his matter had been worth attending to, his manner would have made it hard work to listen. Education is a fine thing. Education at the University of North Carolina is a finer. Education by me, Some, and my adjuncts is the finest of all.

Mr. Pool's address fell flat, almost as flat as he is himself, and it he could have heard the whispered commentaries, among some of the Trustees, as he proceeded, he would have ceased from troubling sooner than he did.

I looked over the audience, remembering the former days,—say 17 years ago. Oh, ye comrades of my youth, classmates of that golden day, if you could have seen that audience! Mrs. Ashley and her daughter, and Mrs. Judge Buxton, were the indies from abroad, (excepting the Faculty ladies.) There were but two or three of the Chapel Hill ladies present. The people from the surrounding county,—Lloyds, Strowds, Cates, with the foreigners and children, made up about 75. Chapel Hill people, I was told, feared there was to be an "Installation" of the men who have been sitting on top of them for the past five months. So they hid themselves, closed their mouths, and held their heads down. Late in the evening, hearing what was *not* done at the Chapel in the morning, they ventured out. I was told there was but one Chapel Hill woman, proper, out to hear Judge Rodman, in the afternoon, deliver his address—certainly not before two Literary Societies, nor even before one. If they had known what the Judge was going to say, they would all have come, I dare say.

Judge Rodman gave us a calm, conciliatory and rational speech, taking the only true and strong ground, namely, that the resuscitation of the University depended on the *Alumni*. To them alone, and to their influence it must look. He reminded his audience, emphatically, that the present appointments were "*temporary and provisional.*" I glanced round at these words. Yes "PROVISIONAL."

What a pity now that Mr. Pool has so far committed himself as to announce that he was here for life, and no power could unseat him or his faculty. And a pity, too, for Professor Brewer's fine cards, dated from the "University of North Carolina, Chapel Hill." A pity! A pity!

Well, Sir, Judge Rodman's speech did much good. He deserves our thanks, and I hereby tender him mine. Calm and considerate words, and he told the truth besides. A Chapel Hillian said to me, "I feel as if I could breathe better after hearing that."

Never in all my life have I heard any one man so decried in the course of 24 hours as President Solomon Pool; or "Sollie" as they seem to call it at Chapel Hill. I don't know how he can live in such an atmosphere of odium and contempt. One of the Trustees said: "Why, I thought Brewer was the main objection up here, but I find it is Pool."

The only pretty woman in the Chapel was Mrs. Judge Buxton. As she is married she will excuse my naming her out loud in meeting.

Mr. Turner, Chapel Hill is looking beautifully, beautifully! A lovely spot, Sir. Yes, we who graduated there do love it. Let the Trustees give us men we can support there, and see if we don't rush to the rescue. 1859.

P. S.—I forgot to mention that "Degrees were conferred!" The honorary degree of A. B. on Abdel Kader Tinney, clerk in Williams & Haywoods Drug Store, and on —— Mason, Mr. Pool's brother-in-law.—Also the Degree of D. D. on Rev. Neill McKay, of Harnett, ("N. McK." of the *N. C. Presbyterian* has got his reward. I wonder how he relishes it.) Also D. D. upon some equally obscure "Rev." in Baltimore.—Here's an Academical body corporate for you.

TRINITY COLLEGE COMMENCEMENT.

The Commencement of this flourishing and popular institution came off on the 10th.

On the previous Sabbath, Rev. S. D. Adams, of the North Carolina Conference, preached an able and instructive sermon before the Theological Class.

On Wednesday, 9th, at 11 o'clock, Bishop Wightman preached the Commencement Sermon before a large and appreciative audience, from Proverbs 1, 10; "My son, if sinners entice thee, consent thou not." He alluded, in the first place, to the various enticements of sinners; secondly, the adroit manner in which these enticements are brought to bear upon the young; and, thirdly, dwelt upon the many and strong reasons why the young should not consent. The sermon was distinguished for close reasoning, bold metaphor and strong appeals to the heart and judgment, and was made the more impressive by many passages of sublime eloquence.

At 3 o'clock of the same day, the Literary Address was delivered by Col. Walter B Steele, of Rockingham. His theme was, "Fidelity to the interests of the Old North State," which he treated in an able and pleasing manner; he alluded to the great natural resources of the State, and showed what were the qualifications necessary in our young men to fit them for the great task of developing these resources, and for rebuilding the prostrate fortunes of the country. The address was replete with vigorous thought, ardent patriotism and valuable instruction to the young.

THURSDAY, TENTH, COMMENCMENT-DAY.

The exercises opened with vocal music, followed by prayer.

3. Latin Oration,—Salutatory,—by Thos. Richard Purnell, of Wilmington.

4. Old Paths are Dangerous—Richard Gwyn Franklin, of Mississippi.

5. The Word of Mind is open to All—John Alexander Simpson, of Raleigh.

6 Unwritten Literature—Eugene Thomas Jones, Kittrell's.

7. Dare be Right—Joseph Lewis Keene, Wilmington.

8. "I dare do all that may become a man. Who dares do more is none"—William Abner Webster, Madison.

9. The noblest knows no Nationality—Columbus Franklin Siler, Franklinsville.

10. Full Growth—William Kelley Gibbs, Davie County.

11. Report of the President and Degrees Conferred.

12. Reminiscences and Adieus—John Richard Webster, Madison.

13. Presentation of Bibles.

14. Representatives from the Literary Societies—R. B. Swann, Caswell County, W. A. Fiyut, Forsythe County.

15. Medals Presented, by Bishop Wightman.

16. Benediction.

The intervals between the orations was filled with music by the band.

The speeches of the graduating class were marked by originality of thought and evinced closeness of investigation, and afforded evidence of fine mental training and a thorough preparedness to enter successfully into the stern conflicts of practical life.

Mr J. A. Simpson, of Raleigh, one of the graduates, who is totally blind, was educated in the Deaf and Dumb and Blind Institution in Raleigh. His speech was very good and touched the hearts of the audience, even to tears.

The Address before the Alumni was delivered on Thursday afternoon, by Rev. Marcus L. Wood, which, our reporter says he had not the pleasure of hearing, but heard it highly spoken of.

The day's exercises was closed by a conversazione party at night, at which young and middle aged, citizens and visitors, young men and maidens, enjoyed themselves in jovial and rational converse, to a proper hour for retiring.

The prospects of Trinity College are brightening. The catalogue shows an average attendance, during the scholastic year, of 125 students, and a larger number is expected next session.

The Faculty, headed by the indomitable and highly gifted President, assisted by the ripe scholarship of Professors Daut, Gannaway and Carr, is a standing guarantee of continued and increased prosperity of this valuable institution of learning.

At a meeting of the Trustees the degree of A. M. was conferred on the following gentlemen: A. S. Peace, of Wake; J. S. Hill, of Mount Airy; and Rev. R. L. Abernathy, of Burke.

The Board of Trustees authorized the executive Committee to fill the chair of Mathematics.

REMARKABLE ANAGRAMS.—An anagram is a word or sentence of apt significance, formed by transposing the letters of another word or sentence. Thus the letters in the word "Astronomer"—transposed make him a Moon Starer."

"Telegraph"—Great Help."

A great many such anagrams are on record.

Sometimes several anagrams may be made from a single word, thus—

"*Live, Vile* and *Evil* have the self same letters. They *live* but *vile* whom *evil* holds in fetters.

Dr. Muhlemberg has made the following beautiful anagram of the word "Protestantism."

Prote stant I (esus) S(alvator) M(undi.)

This Latin sentence translated reads—They (the principles of Protestantism) stand for Thee, Jesus, Saviour of the world.

Again we have 'Quid est Veritas"—"Est vir qui adest."

This is the most extraordinary anagram yet made. Pilate asked the Saviour "What is truth?" or in Latin, "Quid est veritas?" These letters, changed about, give the answer above, meaning, "It is the man before you."—*Pet. Index.*

All "well known thieves" are to be arrested in Boston during "Jubilee week," and the people there think it would be well to consider every week a Jubilee week.

THE NEW CEMETERY.—We learn that the subscribers to the stock of the new Cemetery Association, about to be formed in this city, held a preliminary meeting at the office of W. H. Jones & Co, on yesterday afternoon. A chairman and secretary were appointed and it being found that not a sufficient number of shares have been subscribed to secure the object of the Association, the Secretary was directed to give notice that books of subscription would be kept open at the State National Bank for two weeks longer. We trust that our citizens will come forward and subscribe to the stock of this Association, and thus secure a much needed improvement to our city. We know the fact that an exceedingly liberal charter was granted this Association by the late Legislature, and that under its provisions the money subscribed by the stockholders may be repaid them by sales of burial lots in the proposed Cemetery. While in the moment of prosperity, and the material interests of our fair little city are in such a flourishing condition, let not the "City of the Dead" be neglected. It is agreed on all sides, our present unsightly Cemetery is insufficient, and it is a mere question when a new one must be established.

BAPTIST SUNDAY SCHOOL CONVENTION.—There will be a Mass Meeting in behalf of the Sunday School cause, in the Baptist Church to-night at 8 o'clock. Several short addresses will be delivered and beautiful hymns sung by the children present.

On Sunday at 3 o'clock P. M. the children of the several Sabbath Schools having been invited will assemble at the Church: several addresses to the *children* will be delivered. The singing will be conducted by the children. Let all friends of Sunday Schools attend.

At 8 o'clock P. M. Rev. A. D. Phillips who has been for many years laboring in Africa will address the congregation on the manners and customs, Religion &c., of that benighted country. Mr. Phillips is a native of Moore N. C.

Co., at Raleigh, for inspection, and refusal of said Agent and asking compulsory process to enforce the same. Chief Justice declined to hear the same for want of jurisdiction; the act of Congress giving jurisdiction to the District Court Judge or Commissioner only. Counsel for Agent, Messrs. Moore, Bragg and J. D. Weed. Case set for hearing at 4 P. M., before the District Court Judge.

Gold, Biles & Co. vs. Geo. W. Lawrence. Mr. Fuller for Appellee, Messrs. Strange and Hinsdale for Appelant. Case came upon appeal from District Court upon the question of Bankruptcy. Motion to dismiss appeal. Appeal dismissed.

BUTTER FOR MARKET.

A merchant residing in Ashe county this State, addressed a letter to Messrs. Wm. H. Jones & Co., Commission Merchants of this City, requesting them to furnish him with the necessary suggestions for making and putting up good mountain butter for this market. These gentlemen referred the letter of the Merchant to a friend to answer it, and we are indebted to them for a copy of it for publication, which we readily publish, hoping thereby to promote the making of good butter in this State, which ought to furnish the market with as good butter as can be made any where:

RALEIGH, N. C. Jan. 9th, 1869.

Dear Sir:—(Messrs. Wm. H. Jones & Co., of this City have referred your letter to me to answer.)

Our market for butter is a fickle one—prices ruling according to season, quantity on hand and quality. Butter made in our mountain region has heretofore ruled at low prices, because of the character of the butter, manner of putting up, its varied quality, and the character of the kegs or firkens in which it is put. I see no good reason, if these were all equal, why it should not compete always with the best Goshen.

1st. Butter made right, is always better if put up in May and June and it kept well, would always command high prices in October and though the winter. Dairymen should be careful to have the best pasturage and always guard against allowing cattle to feed on noxious or unwholesome diet.—Yours is a fine country for good grazing &c.

Milkers should always have the cows kept free from ticks or vermin by the free use of the curry-comb, and also loose hair—never milking them until they have been curried The udder should always be washed well also before milking. The milk pail and hands of the milker should be kept clean perfectly. It would be a saving too to strain the milk at once into the churns instead of pans to be shifted &c. It is important to churn when the milk or cream is at proper temperature say 70 deg. Fahrenheit. The old process of waiting till the cream rises is believed to be unnecessary. Good churns will bring the butter from sweet milk as well before the cream rises and then the milk is still sweet and might do to make common cheese.

2d. Our people make great mistakes about "washing out butter." Water ought not to be used on it at all If the udder is clean and the pails are clean, it will surround it needs no water. After churning collect the butter into a clean pail, put in good pure salt and work it well with a paddle till it is entirely free from milk then pack it down in the keg in which it is to be sent to market, putting about a half inch of salt on the top—then put your keg in a dry well or ice house till sent to market.

I find that much butter is spoiled that is made in your county, by the salt which is used. It is often bitter and dirty and spoils your butter. Get always the best and purest salt, free from any bitterness.

Butter will sell most readily in this market if put up in packages of 10, 20, 25 to 50 pounds. Kegs, firkens or buckets for butter must be always *air tight*. If they will admit air or leak your butter will spoil. If I were putting up butter in your county for market, I should put all my packages of 50 to 100 pounds in No. 1, oak kegs, made right with two heads like a powder keg. They will cost more, but will pay. The shabby firkins made generally in your county are not fit to put butter in. My packages of from 10, 20, 25 to 50 pounds I should always put in oak or chestnut *tight* buckets, with a tight top or the same, like the top of a sugar-bucket. Never put any pine wood or any thing that will taste about it.

Doing business as a Merchant and putting up butter for sale as you are, I should require my customers to bring me their butter as soon as possible after churning, I would then assort it, putting all the butter of one quality together. I would then have it all worked over, packed free from moles, the milk all gotten out, then pack it down for market, in the kegs or buckets as above mentioned. Don't mix butter. A little salt will spoil a good keg.

There is no rule for *tare*. The person who puts it up ought to weigh his kegs or buckets with tops, nails &c., belonging to them, honestly; and mark the *tare* on it before packing the butter in it. Of course the kegs and buckets should be of thoughly seasoned wood before marking.

Very truly yours,
W. E. PELL.

WE publish the following at the request of the parties:

TO THE PUBLIC.—Finding upon an investigation of the circumstances that I did W. W. N. Hunter, Sheriff of Lenoir county, N. C., injustice in my communication of the 10th ultimo to the Raleigh *Sentinel*, charging him with intimidating my clerk and forcibly entering my store, I hereby withdraw the said charge.

Kinston, June 9. S. B. WEST.

TO THE PUBLIC.—Mr. S. B. West having withdrawn the charge made against me in his communication of the 10th ultimo, to the Raleigh *Sentinel*, I hereby withdraw the offensive language used by me in reply thereto, in my communication of the 15th ultimo, to the same journal.

WM. W. N. HUNTER,
Sheriff of Lenoir County.

THE EDITOR of the *Sentinel* will attend the special Court of Rockingham, on Tuesday the 22d of June—for the purpose of extending the circulation of his paper among the people of that county.

BEAR KILLED.—A large bear was killed near Goldsborough, a day or two ago, by Sheriff Kennedy, and Bear-steak was distributed by him to his friends. So says the *Messenger*.

FATAL AFFRAY.—We learn, that on Saturday night last an affray occurred about a mile and a half east of the city, in a very disreputable neighborhood, about a woman of disrepute, which resulted in the death of a man by the name of Wm. Hudson We are glad to be able to say that none of the parties belong in the city.—*Topic.*

We notice, from the local column of the Carolina *Times*, that they have *blank deeds* for sale.

A mad dog has been recently seen in Milton.

SHOT.—A "loil league" negro was shot while stealing a bee-gum, near Milton, a few days ago, in broad day light. Though considerably peppered, he was not killed.

The artist, Healy, who is in Rome, has got a commission from Archbishop Spaulding to paint the Pope.

Northern capital is rapidly investing in Southern real estate. A New York gentleman has just bought 14,000 acres of rice and timber lands in South Carolina for $40,000, and 2,400 acres of plantation land in the same State for $28,000.

Three days' sales of tide lands within the city limits of San Francisco realized $200,000.

ANNUAL COMMENCEMENT AT WAKE FOREST COLLEGE.

The regular commencement exercises of Wake Forest College came off this week, a condensed statement of which, through the kindness of a friend, we are enabled to publish.

On Tuesday the Board of Trustees met.—The report of the President showed the College to be in a better condition than at any time since the war. More than thirty students matriculated during the session just past, which fact is quite gratifying, when we consider the depressed financial condition of the country.

On Tuesday evening at 8 o'clock, Rev. A. D. Phillips, for twelve years a missionary in Africa, delivered an address before a very large audience, assembled in the College Chapel, which was full of interest and was listened to with great attention. His description of the country, manner of living &c., of the natives of Africa, was quite graphic, and many passages elicited hearty laughter.

Wednesday, June 9th. The Annual Address before the two Literary Societies was delivered by Rev. J. C. Hiden, of Wilmington, N. C. This address was like nobody else's speech that was ever made, for Mr. Hiden is an original thinker, but it was a good one, notwithstanding His theme was "Symmetrical Education," and, as some one said, he treated it wittily, satirically, learnedly, sensibly and *very humorously*, and the chief complaint was, it was too short.

At 3, P. M., the Alumni was addressed by Captain B. W. Justice, of Raleigh, on the "Social History of Man." The address was chaste, elegant in style and exhibited learning and much historical research, and if it had not been read so closely, but rendered with a freedom and force commensurate with its merits, would have been more highly appreciated.

The valedictory sermon was preached by Dr. Jeter, of Richmond, Va., from 1st Chor. 1st Chapter, 22nd, 23d and 24th verses, and the sermon, in spirit and in matter, was admirably adapted to the occasion. The discourse fully sustained the high reputation of Dr. Jeter, who is second to no man of his denomination in the South, for wisdom and ability.

On Thursday, the regular exercises of the graduating class took place. The concourse of visitors was large, filling the Chapel to its utmost capacity. There was a large proportion of the fair ladies of the State, among whom Raleigh was fully represented. The two Literary Societies marched in, in procession, preceded by the graduating class, when the following order of exercises was observed:

I. Prayer II. Music.

III. Latin Salutatory, William H. Pace of Wake county.

IV. Laziness, Robert S Pritchard, Wilmington.

V. French Oration, L'Empereur des Francais, Alfred H. Hicks, Nashville, Tenn.

VI. The Search for true happiness, J. Catre, Scarboro, Wake county.

VII. Southern Literature, R. P. Thomas, Hertford county.

VIII. Gradual Developement, Wm. H. Pace, Wake county.

IX. The End or Glory, Alfred H. Hicks, Nashville, Tenn.

X. Valedictory Address, Robert H. Pritchard, Wilmington.

XI. Conferring Degrees.

XII. Presidents Address.

Closed with a Benediction.

The intervals between the orations were occupied with music.

The speeches of the graduating class were listened to with marked attention, and the universal sentiment of those present was, that all did very well. The valedictory was most touching and drew tears from the eyes of many unused to weep.

President Wingate, in his address, announced that the degree of B. A. had been conferred on the members of the graduating class, which fact he announced in plain English, instead of in Latin, as is often done on such occasions. He then read the report of the standing of the students in their several classes.

Rev. J. C. Hiden then, in behalf of the Trustees, made a few remarks, in his usual happy vein, setting forth the condition and prospects of the College.

President Wingate next announced that the Board of Trustees had conferred the honorary degree of D. D. on Rev. Matthew Tyson Yates, a Missionary, now in China, and of A. M. on Capt. T. D. Boone, of Murfreesboro, N. C.

He also announced that the following students had received the degree of "Proficient" in the Schools to which their names are annexed:

School D, Algebra and Geometry.—R. J. Biggs, J. C. Bonds, C. L. Utay, of Durham, L. R. Highsmith, T. T. Mitchell, W. C. Powell, H. E. Royal, N. M. Sykes, W. D. Traynham, C. M. Walters and R. F. Walters.

School H, Chemistry.—A. H. Hicks, W. H. Pace, R. S. Pritchard, J. C. Scarborough, R. P. Thomas, B. F. Walters has a certificate of "proficent in this school, but does not graduate with the class.—W. G. Simmons, Prof.

School A, Latin—Wm. Bland, S. W. Brewer, M. L. Fowler, G. W. Greene, R. E. Royall and C. M. Seawell.

School B, Greek—Wm. Bland, S. W. Brewer, M. L. Fowler, G. W. Greene, R. E. Royall, C. M. Seawell.—W. Royall, Professor, W. B. Royall, Assistant Prof.

The following were never absent from religious exercises during the past year:—R. G. Biggs, T. R. Bowers and B. F. Boykin.

The following were not absent during the Fall term: L. Bryan, G. W. Greene, T. H. Skinner, E. D. Edwards and C. L. Powell.

The following were not absent during the Spring term: J. G. Baskerville, J. L. Joyner, F. M. Toon, Oliver Blackburn, R. V. Royall.

The audience then dispersed, well pleased with the exercises, and with many expressed wishes for the increased prosperity and success of Wake Forest College.

BAPTIST SUNDAY SCHOOL CONVENTION.

FRIDAY, 3 o'clock P. M., June 11, 1869. The Convention was opened with singing, and prayer by Rev. F. M. Jordan, of Hillsboro.

The discussion of the subject of country Sunday Schools was continued by Messrs. Blackwood, Hughes, Straughn and Avera.

Rev. Thos. H. Pritchard, D. D., then presented the subject entitled "The Early Conversion of Children the great object of Sunday School Labor," Dr. P. spoke in his usual earnest and forcible manner, and was followed by Dr. Jeter of Virginia, and Messrs. Hiden, Walton and Carroll.

The next subject presented was "The duty of the Pastor to the Sunday School." In the absence of Hon. C. C. Clarke, of Newbern, Rev. G. C. Conner, of Georgia, by request presented this subject to the Convention. At the conclusion of Mr. Conner's address, Rev. Mr. Hiden offered up an earnest prayer. Messrs. Palmer, Frost and Dr. Jeter made short and stirring speeches on the duty of Pastors to engage in the Sunday School Work.

In the absence of Rev. A. J. Emerson who was selected to address the Convention on "The relation of the Sunday School to the Church." Mr. J. H. Mills, editor of the *Biblical Recorder*, was requested to present this subject to-morrow morning. After prayer by Rev. G. W. Sanderlin, the Convention adjourned.

FRIDAY NIGHT.—The Convention met.—The beautiful hymn, "The Water of Life," was sung and prayer offered by the Rev. W. T. Walters. Rev. J. C. Hiden then read an interesting essay entitled "What to teach and How to teach it." His answer to the question "What to teach" was "The Gospel;" and as to "How to teach it," the answer was, 1. Doctrinally. 2. In its simplicity. 3. In its Personal application. His address was concise, lucid and deeply interesting.

He was followed by Rev. G. C. Conner, of Georgia, on the subject: "Object Teaching in Sunday Schools," under the head of "objects," used in illustrating and impressing religious truths he included maps, blackboards and natural objects. Illustrations of the use of the blackboard on impressing doctrines, abstract truths, sacred geography, &c., were given. The use of objects was illustrated by using a glass bottle, a watch, and a piece of money. Mr. Conner was at home on this subject, and spoke with his usual force. He is one of the best Sunday School workers in the South.

At 11 o'clock the Convention adjourned. Prayer by Rev. Dr. Pritchard.

SATURDAY MORNING, June 12th.—A number of members of the Convention, having assembled at half past nine o'clock, half an hour was spent in devotional exercises conducted by Rev. G. W. Several new delegates appeared and enrolled their names.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine in so universally required by every body as a cathartic, nor one ever any before so extensively adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known to every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. These sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately, to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppressions** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a protection against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

IS IT ANYBODY'S BUSINESS?

Is it anybody's business
If a gentleman should choose
To wait upon a lady,
If the lady don't refuse?
Or, to speak a little plainer,
That the meaning all may know,
Is it anybody's business
If a lady has a beau?

Is it anybody's business
When that gentleman does call,
Or, when he leaves the lady,
Or, if he leave at all?
Or is it necessary
That the curtain should be drawn
To save from farther trouble
The outside lookers on?

Is it anybody's business
But the lady's, if her beau
Rides out with other ladies
And doesn't let her know?
Is it anybody's business,
But the gentleman's, if she
Should accept another escort,
Where he doesn't chance to be?

Is a person on the sidewalk,
Whether great or whether small,
Is it anybody's business
Whom that person means to call?
Or, if you see a person
As he's calling anywhere,
Is it anybody's business
What his business may be there

The substance of our query,
Simply stated would be this:
Is it anybody's business
What another's business is?
If it is, or if it isn't,
We would really like to know,
For we are certain, if it isn't,
There are some who make it so.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he roots into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,
U. S. A.

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,008,550.00
Total Premiums,	350,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 892
By the Mutual Benefit of New Jersey, 693
" New England Mutual, 343
" Phœnix Mutual, 335
" Massachusetts Mutual, 313
" Equitable of New York, 277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.
In its 10th year, 1,260 "
And in its 20th year, 2,843 "
this latter being 600 less than was issued by the NATIONAL in its first seven months.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph, will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

Feb 11-tf J. A. JONES, Raleigh, N. C.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

We paid the State near Seven Hundred Thousand Dollars for her interest in this road—thereby saving the people from Taxation for all time to come, $80,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, to any boiler, and the low price of the arcticle places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The dirt rots and melts, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with extraordinary velocity, cleaning all articles, from the finest laces to the coarsest. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric thoroughly loosening and cleansing the dirt WITHOUT LABOR OR FRICTION—A thorough rinsing leaves the goods

Washing day will not longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Can of BOOTH & BROTHERS, and we its wonderful operations—we have the exclusive right to sell and manufacture in the State
